

A better tomorrow comes from great planning today.

At Harrison Grierson our team of experienced planners offer strategic solutions that balance the needs of our clients, the community and the environment. We use our expertise and knowledge to create efficient and effective solutions for every project, regardless of the scale or complexity. And with planning becoming ever more complex, our team will lead you through the process with clear, regular and relatable communications.

Our planning services include:

- Strategic planning and advice
- Research and analysis
- Due diligence, feasibility studies and project scoping
- Preparing consent applications
- Consent processing and development assessments
- Assessments of environmental effects
- Project management and coordination of specialist inputs
- National, regional and local policy analysis, preparation of plans and plan changes
- Submissions
- Consultation strategy, planning and implementation
- Expert evidence
